Volunteer Help Needed ASAP!

The Society is still looking for volunteers to help with work previously done by our administrative assistant.

1. THE FIRST VOLUNTEER would handle Social Media for the Society. This would be our Facebook, Instagram and Twitter accounts. The Volunteer will use social media to post upcoming events, news and fun posts.

For fun posts, a volunteer might use a website to view new or older stamps, research the subject matter and then post a small paragraph about the stamp(s).

2. WE NEED A VOLUNTEER to help with our mailing/ membership list. The list must be kept up to date. New members are assigned a number and password to access the "members only" section of our website. This volunteer will also monitor our email account. The officers will help with answering any questions.

Contact Howard at stampareme@aol.com to volunteer to help our Society.

SIP Data Base Expansion Project

The programming has been completed and one issue of the journal has been loaded. The programmer will run a test to verify that the data and program are working correctly. Once verified I will load newer issues to the expanded journal data base.
